For Immediate Release

Wiha Tools offers a broad range of unique problem solving professional quality tools. With more than 5000 premium hand tools, it is Wiha's goal to manufacture only the best hand tools that allow the users to work more efficiently, functionally and ergonomically. Wiha has had huge success with SoftFinish "Comfort Grip" hand tools. Investing in time and money, SoftFinish is easy on the joints and extremely wear-resistant. One of the newest highlights by Wiha is the SoftFinish Pop-Up Bit Holders. With an option to store either insert bits in the SoftFinish Comfort Grip handle or Insulated *SlimLine* bits in the SoftFinish 1000Volt Insulated handle makes this bit holder a great space saving hand tool. It's global uniqueness is concealed in the handle. The Pop-Up versions feature 12mm insert bits or 70mm Insulated *SlimLine* bits. Energy saving and comfortable screw fastening is possible thanks to an ergonomic unique handle design.

Another Wiha success is the new BiCut SuperCut. One of Wiha's fastest growing SoftFinish "Comfort Grip" Pliers. Wiha's new BiCut SuperCuts are available in three SoftFinish styles; Soft Grip, Two Component Industrial SoftGrip and 1000Volt Insulated Industrial Cushion Grip. BiCut SuperCuts completes the job of two pairs of pliers. Up to 50% less hand strength required for cutting. Double the power at the press of a button! Easily switch between two strengths in one-handed operation. For cutting various materials from soft to extremely hard, such as nails, screws, bolts, wire cables, spring wires, chains, etc. Wiha has achieved global recognition as an innovative growth company demonstrating consistent market leadership.
